Levy of tolls at reduced rates, Hassan Dt.

From

The President District Board Hassan

No. 335 Dated 14 March 13 Received 25 Mar 1913

Diary No. 5699	Enclos.	Spare Copies.	Serial No. 3

BRIEF ABSTRACT OF LETTER.

Requests Sanction to the levy of tolls at reduced rates to the exemption of foot passengers from payment of toll and to the levy of only one toll at the three toll gates on the Hassan-Arsikere road within a period of 24 hours Counted from the hour of payment instead of from Sunrise to Sunrise

NOTES AND ORDERS.

The Deputy Commissioner requests the issue of early orders on the points raised by him as the Sale notifications re the levy of tolls have to be published in the Gazette during the month of April

2) The points on which orders are required by the Dy Comr are

1) Exemption of foot passengers from toll.

2) Levy of toll on motor cars at Rs 2 a car

3) Permission to levy tolls generally at rates lower than those prescribed in G.O. No 3075-315/LB 355-10-9 dated 15th Oct 1912 the Dy Comm has forwarded for approval a scale of rates proposed to be levied

4) The proposed amendment of para 68 of the L.B. Rules so as to permit in the case of two or more toll gates located at short distances the levy of only one toll within a period of 24 hours counted from the hour of payment of toll at any one toll bar, instead of from Sunrise to Sunrise.

3) As regards points 1 & 2 orders have been issued that pending the revision of rates foot passengers should be exempted and that the rate on motor cars should not exceed one rupee (Please see G.O. No. 7541-81/LB 233-12-6 dated 26th March 1913) Hence no further orders seem called for.

R

4) As regards point 3 the rates prescribed in the order of the 15th Oct 1912 are the maximum rates and evidently there can be no objection to ~~beg~~ levy lower rates, but it is a matter for consideration whether the rates proposed

As regards 4). it is submitted that para 68 of our L.B. Rules is the same as sec 7 90(1) of the Madras Local Boards Act according to which the period of 24 hours is counted from Sunrise to Sunrise

6) It is a matter for consideration whether it is ~~expend~~ expedient to amend a general rule so as to cover the single case brought to notice. Further the Dy Commr has directed the present toll Contractor in connection with this Specific case ~~that only~~ to levy only one toll at the 3 toll gates within a period of 24 hours. The Deputy Commr has also ~~reco~~ reported the steps taken by him to give wide publicity of his directions to the Contractor as regards the counting of the period of 24 hours. This condition of levying tolls at the 3 gates in question may be made clear in the notification advertising the next sale. The Dy Commr probably requires the Specific sanction of Govt to insert this unusual condition which will not be in accordance with para 68 of the L.B. Rules.

4) The points raised in paras 1, 2 & 4 of the paper under disposal relating to sales of toll can be disposed of only after the general revision of the Schedule is sanctioned. The Dy Commr wants orders at once as sales have to be settled in April 1913.

5) The other point viz amendment of Rule 68 need not be considered in a hurry as the steps now taken by the D.C. are sufficient to prevent hardship and as the change involves loss of revenue, a matter in which all District Boards should be consulted.

15) Next as regards the suggestion to amend rule 68 of the L B Rules so as to permit of counting 24 hours from the hour of payment of first toll instead of from Sunrise to Sunrise as at present it is submitted that the change will result in complications in the working of the toll gate in so far as much as the time noted by the toll Contractor will have to be verified with reference to clocks or watches which neither the toll collector nor the toll payer can be expected to have with him at the time of payment further the accuracy of the time as indicated by the clocks or watches of the toll Contractor can not be guaranteed

The present method of counting the period of 24 hours from sunrise to sunrise is the most simple and convenient, since it requires no artificial means for verification, the only test being whether it is day or night - a natural test which can not be doubted or questioned by anybody. Hence may the Dy Comm be informed that the rule can not be amended as suggested by him. Submit for orders with ref to para 12 supra.

17 There is much force in what is stated above but the period of 24 hours having been ordered by Govt, rule 68 of the Local Boards Rules has to be suitably amended. The file may be transferred to Legislative Section for further action.

To,

V.R.Sreenivasa Iyengar Esqr., M.A.,
Offg. Secretary to the Government of
His Highness the Maharaja of Mysore,
General and Revenue Departments,
Bangalore.

Sir,

Adverting to Government Proceedings No. 390-9/L.B.194--12-9 dated 21st. February 1913 directing that the revised schedule of rates prescribed for the levy of tolls on public roads and bridges in Mysore under Government Order No. 3075-3115/L.B.357-10-9 dated 15th. October 1912 should be understood as maximum rates, and that previous sanction of Government is necessary to the adoption of lower rates in exceptional cases, I have the honour to submit herewith a statement showing the proposed rates for the levy of tolls at the several toll gates in this District with reference to the revised schedule of rates and the existing rates of toll.

2. In this connection I beg to point out that it has not been usual to levy toll on foot passengers at any of the road or bridge toll gates in this District. In view of the hardship which will be caused to the travelling public by the levy of such toll, I request sanction of Government being obtained to the exemption of toll on foot passengers.

3. On experience gained in connection with the three toll gates established for necessary reasons, at 3 different points along the length of the Hassan-Dudda-Arsikere District Trunk road, I further beg to propose that the words " counted from

from sunrise to sunrise " occurring in the 3rd. line of para 68 of the Rules under the Local Boards' Regu-lation, be required to be omitted in instances where more than one toll gate is concerned, as calculated to cause hardship to the travelling public; and that only one toll in such instances may be required to be le-vied within a period of 24 hours counted from the hour of payment in each instance, the toll contractor and his servants being required to enter both the hour and date of payment on each receipt issued.

4. As the rate of ~~Rs X/X~~ toll of Rs 3/- on each motor car is heavy it is proposed to be reduced to Rs 2/-.

5. I request that you will be so good as to obtain early sanction of Government to the above proposals as the sale notifications concerning the right of col-lecting tolls at the several toll gates in the District for the ensuing year 1913-14, have to be sent for pub-lication in the Mysore Gazette in the month of April 1913.

I have the honour to be,

Sir,

Your most obedient servant.

President, District Board,

Hassan.
